

Dishwasher basket 50X50 GE-500 Marchef

Product codes:

Reference: 1071

EAN13: -

UPC: -

Product description:

General Description:

The **50x50 GE-500** Marchef dishwasher is designed to meet the needs of professional kitchens, combining efficiency, robustness, and ease of use. Manufactured in Spain with high-quality materials, it offers excellent washing and rinsing performance, with optimized water consumption and a compact design that makes it ideal for high-demand environments.

Material and Design:

- **Stainless steel construction:** Ensures durability, corrosion resistance, and easy maintenance.
 - **Ergonomic design:** With double-walled door for increased sound insulation and safety.
-

-
- **Rounded corners and linear shapes:** Prevent grease and dirt accumulation, facilitating cleaning.
 - **Improved hinges:** Ensure full door opening for quick and convenient loading.

Capacities and Functionalities:

- **Basket dimensions:** 500 x 500 mm.
- **Maximum dish height:** 320 mm.
- **Production:** Up to 30 baskets per hour.
- **Low water consumption:** 2-2.5 liters per cycle, reducing operating costs.
- **Washing cycle:** Complete in **120 seconds** to optimize working time.
- **Temperature regulation:**
 - Washing: **60 °C**.
 - Rinsing: **90 °C**.

Technical Features:

- **Tank capacity:** 25 liters (heating power: 2 kW).
- **Boiler capacity:** 7 liters (heating power: 2.8 kW).
- **Rotating washing and rinsing arms:** Located on the top and bottom for uniform and efficient washing.
- **Independent cold rinsing cycle.**
- **Automatic rinse aid dispenser:** Ensures impeccable and streak-free drying.
- **Electromechanical control panel:** Intuitive and easy to use.

Included Accessories:

- **1 plate basket** of 500 x 500 mm.
- **1 universal basket** of 500 x 500 mm.
- **1 cutlery holder.**

Additional Features:

- **Safety thermostat:** Ensures temperature stability during use.
- **Anti-return valve:** Prevents pressure problems in the water installation.
- **Safety micro switch on the door:** Increases protection during use.
- **Compact design:** Perfect for optimizing space in professional kitchens.

Product Advantages:

- **High productivity:** Fast and efficient washing to handle large volumes.
- **Robustness and durability:** High-quality materials prepared for intensive use.
- **Easy maintenance:** Accessible components and intuitive design.
- **Consumption efficiency:** Low water and energy consumption, optimizing operating costs.

Product features:

Power Supply Voltage: 220-240V 50Hz

Power Watts: 3400W

Measure: 600x600x820mm

Washing: Basket 50x50

Drain Pump: No

Rinse Pump: No

Detergent Dispenser: No

Rinse Aid Dispenser: Yes
