

Wall-Mounted Washbasin with Pedal and Trash Bin FSF-WB004

Product codes:

Reference: 3931W

EAN13: -

UPC: -

Product description:

Material and Design

- **Structure:** Stainless steel **SS304 + SS201** with a thickness of **0.9 mm**, durable and easy to clean.
- **Operation:** Foot pedal, allowing water flow activation without manual contact, enhancing hygiene.
- **Integrated trash bin:** Increases practicality by providing immediate waste disposal space.

Capabilities and Features

- **Hot and cold water:** Compatible with water connections for both temperatures.
- **Wall-mounted design:** Saves space and facilitates installation in different environments.
- **Included accessories:** Stopcocks, faucet, and connections.

Technical Specifications

- **External dimensions:** 400 x 330 x 970 mm (width x depth x height).
- **Material:** Stainless steel **SS304/SS201**.
- **Material thickness:** 0.9 mm.
- **Operation type:** Foot pedal.
- **Functions:** Hot and cold water.

Product Advantages

-
-

- **Practical design:** Includes integrated trash bin, optimizing space and improving functionality.

-

Product features:

Weight: 12 Kg

Material: Stainless Steel

Hospitality Furniture: Washbasin

Product short description:

The **wall-mounted washbasin with pedal operation and integrated trash bin** is an ideal option for professional environments that require maximum hygiene and efficiency. Made of high-quality stainless steel **SS304 and SS201**, this model guarantees durability and corrosion resistance. With functionality for **hot and cold water**, it is perfect for industrial kitchens, restaurants, clinics, and other spaces where hygiene is essential.
