

Double gas barbecue Series 600 GGL606 600mm

Product codes:

Reference: 6014A

EAN13: -

UPC: -

Product description:

Material and Design:

-

Robust structure in stainless steel AISI-304, ideal for continuous and demanding use.

-

Double stainless steel cooking grids, with a "V" profile that prevents grease from dripping directly onto the flame.

-

Operates with volcanic stone, providing even cooking and enhancing the natural flavor of the food.

-

Stainless steel grease collection tray, easy to remove and clean.

Included Equipment:

- **2 high-performance tubular burners**, each with its own control valve.
 - **Independent piezoelectric ignition** for each module.
 - **Safety valves with thermocouple**, automatically stop the gas flow if the flame goes out.
 - **Prepared for natural gas**, includes injectors for conversion to LPG (propane/butane).
-

Technical Specifications:

- **Model:** GGL606
 - **Code:** 6014A
 - **Energy type:** Natural gas / LPG (injectors included)
 - **Total power:** 2 x 4,800 W (9,600 W in total)
 -
-

Number of valves: 2

-

Equipment dimensions: 600 x 600 x 265 mm

-

Gross weight: 36 kg

- **Net weight:** 33 kg
-

Packaging volume: 0.17 m

Additional Features:

-

Greater cooking capacity with two independent zones.

-

Natural cooking system with volcanic stone for better flavor.

-

Advanced safety thanks to thermocouple and piezoelectric ignition per zone.

-

"V" grids that improve fat control and prevent flare-ups.

-

Designed for professional kitchens that require maximum efficiency and durability.

Product features:

Width: 600
Fund: 600mm
Power Watts: 9600W
Type: After-dinner conversation
Heat: Barbecue
Gas-Electric-Induction-Oil: Gas
Burner - Stove: 2

Product short description:

Professional double barbecue designed to offer maximum capacity and performance. Perfect for industrial kitchens, grills, and restaurants that require speed, flavor, and safety in cooking, thanks to its volcanic stone system and independent burners.
