- Body, panels, tanks, and baskets made entirely of AISI-304 stainless steel.
- Equipped with a water filling tap and a drain tap for practical and safe use.
- Robust and functional design adapted to demanding work environments.
- Double tank: 2 tanks of 220 x 350 x 180 mm.

Included equipment

- 2 independent cooking tanks.
- 4 stainless steel baskets.
- Water filling tap.
- Front drain tap.
- Thermostat and safety thermostat.

Technical specifications

- Model: EMH721-S
 - Reference: 7043A
 - Dimensions (mm): 800 x 700 x 290
 - Capacity: 2 x 14 liters
 - Power: 2 x 3,000 W
-

-
- Supply: 380/400 V – 50/60 Hz
 - Net weight: 29 kg
 - Gross weight: 36 kg
 - Volume: 0.27 m³
-

Additional features

- Temperature control via adjustable thermostat.
- Safety thermostat to prevent overheating.
- Quick and efficient water filling and draining.
- Ideal for cooking pasta, rice, or vegetables in large volumes.
- Easy to maintain and clean.

Product features:

Power Supply Voltage: 380-400V 50Hz

Power Watts: 6000W

Type: After-dinner conversation

Heat: Cook Pasta

Product short description:

Professional electric pasta cooker, designed for industrial kitchens that require high performance and durability. Its stainless steel construction, both in body and in tanks and baskets, ensures resistance to corrosion and ease of cleaning. Ideal for quick and efficient cooking of pasta in large quantities.
