Product description:

Dry Lubricant PTFE WD-40 Specialist 400ml 34382

NSF H2 Certification: Suitable for use in environments where there is no direct contact with food.
Fast Drying: Leaves a transparent protective film that does not attract dust or dirt.
Durable Protection: Offers superior protection against wear and friction, keeping your tools and machinery in optimal condition.

Lubrication of chains, gears, and mechanisms: Improves performance and reduces friction.
Lubrication of hinges and tracks of doors and windows: Ensures smooth and unobstructed movement.
Enhanced performance in rollers, chains, gears, and cables: Facilitates the operation of equipment with moving parts.
Protection of cutting discs and drill bits: Improves efficiency and prolongs the lifespan of tools.
Lubrication of conveyor belts: Optimizes performance and reduces wear in industrial applications.
Lubrication of metal and thermoplastic extrusion: Ideal for production processes that require precision.

Product features:

Application: Universal
Cleaner Grease Oil: PTFE Dry Lubricant
Container of: 400ml
