

J type thermocouple temperature sensor (Fe-CuNi) Vetrotex cable probe temperature Giorik

Product codes:

Reference: 379462

EAN13: -

UPC: -

Product description:

J type thermocouple temperature sensor (Fe-CuNi) Vetrotex cable probe temperature Giorik
thermocouple probe type J (Fe-CuNi)

Vetrotex cable

probe temperature -50 to +750 °C

cable temperature -50 to +350 °C

connector splice

thread size -

bulb $\varnothing$ 6x200mm

cable length 0.7 m

Product features:

Thermostat: Sensor
