Shop name

Product description:

A knife frequently used in all kitchens. A wide-blade knife with a strong and stable edge.

A versatile everyday knife for **cleaning, cutting, and chopping vegetables**. Also suitable for cutting meats and fish into cubes, lightweight and robust due to its one-piece construction between the blade and the handle.

Its dimensions make it an easy-to-use and handle knife.

One-piece blade made of **forged steel (Molybdenum-Vanadium)** with a **(POM) handle** suitable for dishwashers in black color.

Tempered and ground blades for greater cutting durability and better balance and compensation between the blade and the handle.

Product features:

Accessories: Cuchillos

Product short description:

20 cm Forged Kitchen Knife
