Product description:

A knife frequently used in all kitchens. A wide-bladed knife with a strong and stable edge.

A versatile everyday knife for **cleaning, cutting, and chopping vegetables**. Also suitable for cutting meat and fish into cubes, lightweight and robust thanks to its one-piece construction between the blade and handle.

Its dimensions make it easy to use and handle.

Full-tang knife made of **forged steel (Molybdenum-Vanadium)** with a **handle (POM)** suitable for dishwashers in black color.

Tempered and hardened blades for greater cutting durability and better balance and compensation between the blade and handle.

Product features:

Accessories: Cuchillos

Product short description:

23 cm Forged Kitchen Knife
