Product description:

28-centimeter ham slicing knife. The blade is **very flexible, with a smooth edge and narrow**, providing great precision in slicing.

This knife is lightweight and robust thanks to its **single-piece bolster connecting the blade and handle**.

It can be used for **slicing ham and other large cuts of meat**.

Knife with a **full tang blade made of forged steel** (Molybdenum-vanadium) with a **black POM handle** suitable for dishwashers.

Tempered and ground blade for greater cutting durability and better balance and compensation between the blade and the handle.

The **blade** has a length of **28 cm (280 mm)**.

Features:

- Blade made of forged Molybdenum-vanadium steel
- POM handle
- Dishwasher safe.
- Ergonomic design for comfortable slicing.
- Maximum hygiene.

Product features:

Accessories: Cuchillos

Product short description:

Knife for slicing ham on a ham holder or leg of ham
