Product description:

Non-Toxic Food Grease Ultraplex 400gr ISO-L-XBGIB 2 NSF H1

ULTRAPLEX FG 2 is a grease for long-lasting lubrication under high loads and difficult environmental conditions. Formulated with bases of medicinal white oils and synthetic hydrocarbons, reinforced with additives and solid lubricants to enhance its performance. A complex soap thickener with high resistance to high temperatures is used. It is a lubricant suitable for accidental contact with food, classified as H1.

Product features:

Cleaner Grease Oil: Grasa Atóxica
Container of:: 400g
