Product description:

A knife frequently used in all kitchens. A wide-bladed knife with a strong and stable edge.

A versatile and everyday knife for **cleaning, cutting, and chopping vegetables**. Also suitable for cutting meats and fish into cubes, lightweight and robust thanks to its one-piece design between the blade and the handle.

Its dimensions make it easy to use and handle.

Knife with a full tang made of **forged steel (Molybdenum-Vanadium)** with a **handle (POM)** suitable for dishwashers in black color.

Tempered and ground blades for greater cutting durability and better balance and compensation between the blade and the handle.

Product features:

Accessories: Cuchillos

Product short description:

15 cm forged kitchen knife
