

Industrial gas fryer 22+22 Liters OFGI 8090 22+22KW

Product codes:

Reference: 5042

EAN13: -

UPC: -

Product description:

- Body made of stainless steel.
 - Stainless steel burners of 22Kw
 - Oil temperature thermostat between 110-190°C.
 - Monoblock tank in AISI 304 stainless steel with rounded corners for easier cleaning and better hygiene
 - Electric ignition for increased safety.
 - Thermostatic gas valve with safety device
 - Quick thermostat response
 - High limit of 240 °C for safety
 - Equipped with two medium-sized baskets
 - Adjustable legs.
 - Drain valve.
 - Rear gas connection 3/4"
 - Production capacity: 35 Kg / Hr
 - Cooking time: 3.5 min
-

TECHNICAL FEATURES:

- No of Tanks: 2
- Burner style: Tube
- Number of tubes: 2
- Burner: 22 Kw
- Total Power (Kw) 22+22KW
- Capacity: 22 liters.
- No of baskets: 2
- Temperature range: 110 °C - 190 °C
- Safety thermostat: 240 °C
- Control type: Manual
- Gas inlet: 3/4"
- Type of gas: Lpg- natural gas
- Pressure: 20
- Consumption (Kg/h): 1.73

CONSTRUCTION:

- Exterior material: stainless steel
- Structure: welded
- Legs: 4
- Basket: Yes
- Control valve: Yes
- Standby pilot: Yes

Product features:

Tall furniture: 850mm

Fund: 900mm

CE: Yes

Type: Con mueble

Number of Breasts: 2 breasts

Capacity Liters per Tank: 22 Liters

Length: 800mm

Heat: Fryers

Gas-Electric-Induction-Oil: Gas

Product short description:

Shop name

High-performance industrial fryer, 22+22 liters and 22+22 KW for frying large quantities of food
